

Reliable CO₂ emission reduction

wüestdimensions

Sustainability Manager

Challenges

- Integration: Holistic integration of sustainability into asset and portfolio management
- Measurement and reporting: Creation of a longer-term usable data basis with relevant key figures (internal control, reporting, etc.)
- Stakeholder engagement: Improve awareness and understanding of sustainability and strengthen commitment

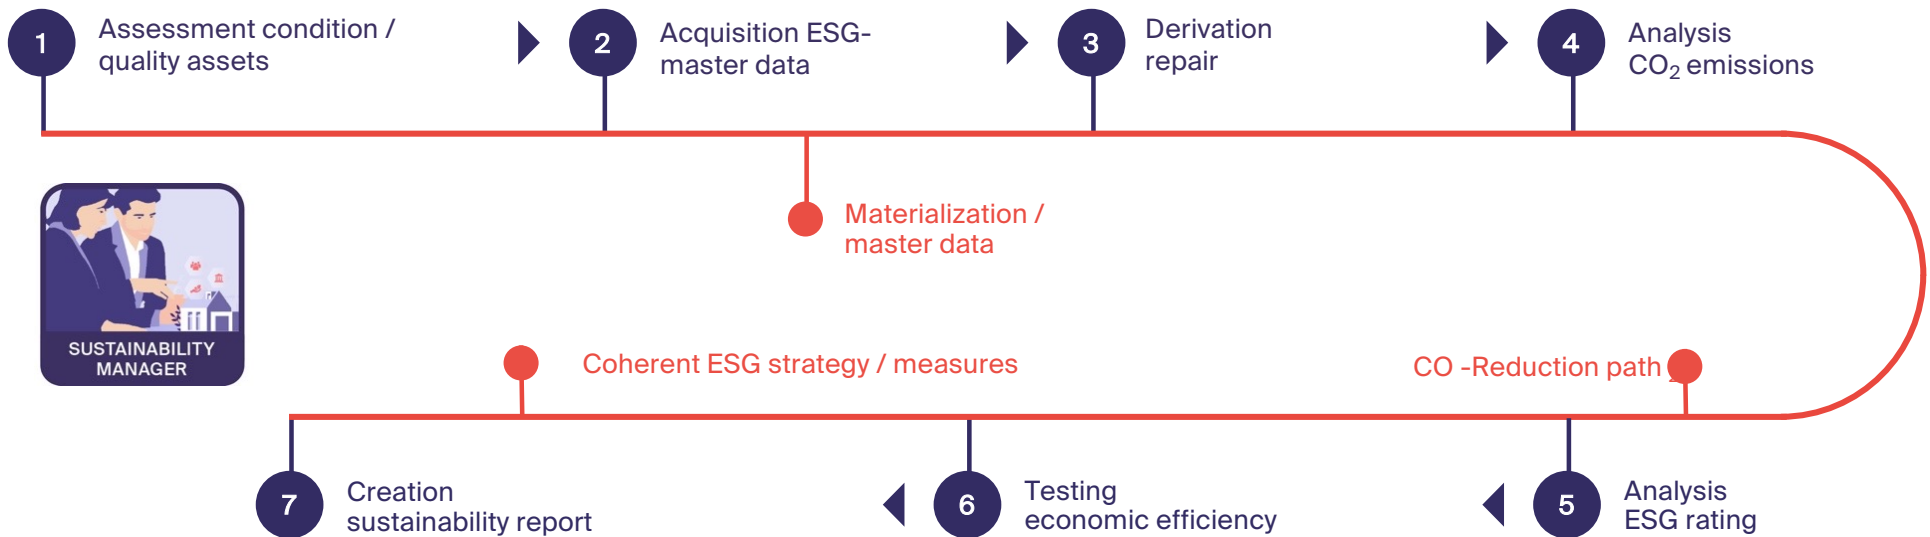

Solutions

- Full integration of all sustainability data and functionalities into the investment management modules of Wüest Dimensions
- Efficient data integration (e.g. consumption data) and flexibility regarding analyses and reporting

Reliable reduction of CO₂ emissions
